Dear Mr. Rubin:

The New Hampshire Department of Education would like to thank you for submitting proposals for the RFP 2018-062: A Network for Support. We would like to apologize for the time it has taken us to make a decision on this important work and respond to your proposal.

At this time, no vendor has been selected for a contract. Instead, the New Hampshire Department of Education has determined we will use the current year, SY 2017-2018, as a planning and transition year as we move into ESSA implementation. During the year, we will make decisions regarding the scope of services required to support districts and schools as they engage in school improvement processes for the future.

Therefore, I must inform you that we are withdrawing RFP 2018-062. Please know that we appreciate the substantial amount of work that went into the preparation and submission of your proposal. Please also accept our sincere thank you for your interest in our work and your efforts to help provide support to the districts and schools of New Hampshire.

If you have any questions, please contact me.

Best regards,
