The denominator for percent proficient is number of students tested by NECAP (which is not a true representation of the student population). A student's assignment to a school or district in this report is not contingent on continuous enrollment (as it is in AYP reporting). Anticipted Graduating Class does not represent a true cohort. If less than 10 students are tested then data is not reported. Ethnic group designations have changed over time. Please see website for more information. Data source: Disaggregated results teaching
